

Dear friends,

The registration for "Becoming human - questions for co-creating the future" is now open! Come and join us in Dornach, July 14-18, for the Youth Section's International Summer Conference and spread the word about it.

In our time we see ourselves faced by many/diverse/numerous challenges on the individual, social and global level. Yet, these appeal us to enlarge our creativity, form friendships and develop ourselves towards free and loving human beings. How can we arise at the potential that each of us bears within ourselves?

We are ever searching for connection, but what is the meaning of connection in a world with social conflicts, intercultural relationships and influenced by social media and virtual reality? How can we overcome our differences to shape a healthy future together? What is being asked from us, as a generation? What does it actually mean, to be(come) human?

We want to invite you to join us to explore and discuss these personal, social and global questions together through lectures, workshops, conversations, artistic activities and performances: you are warmly welcome at the Summer Youth Conference! Let's find steps together towards our envisioned future!

The Summer Conference is organized by Youth Section participants from all around the world. It will take place from the 14th till the 18th of July at the Goetheanum in Dornach, Switzerland.

If you aren't registered yet, now is the time to do it! Click [here](#) to find out more about the conference! We very much hope to see you here in July! Questions? Email us at mail@youthsection.org

Until then, best wishes,
The Youth Section at the Goetheanum
